## **Cayman National Corporation's IT Team Ready to Assist**

Once again, the Sunrise Adult Training Centre receives the support of Cayman National, as their IT team donates six personal computers to their programme.

Thanks to Denny Swaby, Chief IT Officer and his team, Alton and Celester, who made the presentation to Mrs. Roberta Gordon on behalf of the Centre.

In expressing her enthusiasm of yet another opportunity to provide assistance to this special programme, Ms. Claudia Welds, Executive Assistant, Corporate Communications commented as follows:

"We recognize that these students are special people with some limitations, but we know that there is no upper limit to what individuals are capable of doing with their minds; there is no age limit that bars them from beginning and there is no obstacle that cannot be overcome if they persist and believe. We at Cayman National are proud to be able to contribute to making possible what may seem impossibilities or obstacles".

"We are very grateful to Cayman National for their continuing support of the Sunrise Centre Programme. Computers are becoming a vital tool in many aspects of our programme and this donation will be used to promote vocational testing, training and support our functional literacy initiatives", commented Mrs. Roberta Gordon, Director.
