### **Cayman National Staff Respond to the Needs of Sunrise Adult Training Centre**

A team of volunteers was rallied by the Cayman National Social Committee in response to an appeal from the Sunrise Caring Association to lend a hand in support of the needs of the Sunrise Adult Training Centre faculty and student body.

The Sunrise Adult Training Programme offers life skills, vocational training, job placement, counseling and craft production services to its adult students with disabilities. According to Mrs. Roberta Gordon, Director, the move from the current location to a bigger facility will enable their team to accomplish their goals to better serve the students. “We are extremely pleased to receive assistance and support from Cayman National, and we extend our sincerest appreciation to Cayman’s leading financial institution”.

A team of 14 staff members volunteered their time to paint a 14-room facility located along Powery Road in West Bay. Together, Cayman National in conjunction with the Sunrise Caring Association’s President, Mrs. Lisa Franklin, (also a Cayman National staff member) were able to accomplish one of the largest tasks in order to make the move a reality for the new academic year at the beginning of September. Over twenty students will walk into their new home to enjoy the cheerfully painted walls.

“Cayman National has always supported the local community by way of sponsorships and donations, but by providing assistance in a more practical manner we feel that this will be more meaningful to those receiving the support”, said Ms. Claudia Welds. “We are grateful to management for their continued support of our efforts, and were also very fortunate to have received support from Mr. Parker Tibbetts of Ace Paint and Mr. Benson Ebanks of B.O. Ebanks and Sons for supplies and painting materials”.
